

## SCHOOL NOTEBOOK

### **Phi Beta Sigma donates books to Bryant Woods**

The Howard County chapter of Phi Beta Sigma, a predominantly black service fraternity, will present books collected during a recent book drive to Bryant Woods Elementary School Friday, Dec. 17.

Since October, the chapter, Zeta Alpha Sigma, has collected more than 200 mostly new children's books worth approximately \$2,200, an effort to encourage reading over the holiday break.

The Howard County chapter, founded in 1976, formed a partnership with Bryant Woods Elementary School earlier this year. It has supported literacy at the school through several programs, including providing guest readers to read in the classrooms.
